CLERY ACT CRIME STATISTICS

The tables below contains the crime statistic data for calendar years 2016, 2015 and 2014. These tables were compiled using data received and gathered by the University of Georgia Police Department as well as from the Athens-Clarke County Police Department. In addition to crime types and numbers, offenses are also categorized by location as defined by the Clery Act. The counting and disclosure of Clery-reportable offenses in the following tables are based on the definitions provided by the Federal Bureau of Investigation's Uniform Crime Reporting ("UCR") Program, as well as definitions provided by the Violence Against Women Act of 1994 for certain crimes. These definitions are provided below following the tables.

Notes:

1) The number of unfounded incidents of stalking during 2016 has been revised from 6 to 5. A report of stalking in 2016 was formally investigated by the University and determined to be unfounded. In consultation with the federal Department of Education, it was determined that the reported incident of stalking, while not considered stalking under state law, continued to meet the definition of stalking for Clery Act purposes, and as a result the report's classification as unfounded has been changed.

The following table shows incidents that occurred and were reported to the University of Georgia Police Department during 2016 under circumstances where the exact geographical location could not be determined. Though the location of these reported incidents is not known and it is not certain whether UGA students, faculty and staff were involved in such incidents, the University of Georgia Police Department feels that providing data related to these incidents is helpful, as they may impact the communities and lives of students, faculty and staff of the University of Georgia. These incidents are not counted in the Main Campus statistics table on the previous page.

Incident Type:	Unknown Location:	Unknown Off-Campus Location:
Rape	47	34
Attempted Rape	0	2
Sexual Battery	5	26
Aggravated Sodomy	0	0

"Unknown Location" refers to incidents reported where no location information was provided by the reporting party.
"Unknown Off-Campus Location" refers to reports where enough information was provided to determine that the incident did not occur on the UGA main campus, but not enough to further determine the exact location.
