

ANNUAL FIRE SAFETY AND SECURITY REPORT: SAFE & SECURE

The University of Georgia’s annual Safe and Secure report for the campus community is produced by the University’s Police Department, Office of Legal Affairs, Division of Student Affairs, Division of Human Resources, and Division of Marketing and Communications. It includes policies and statistics as required by the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (the “Clery Act”) and other federal law and includes the University of Georgia’s Policy on Alcohol and Other Drugs. The University of Georgia (“UGA” or the “University”) has published on-campus crime statistics since 1969.

This report relates crimes as reported by the Athens-Clarke County Police and other local law enforcement agencies at off-campus locations occupied or used primarily by students and provides information about the number of reports of alcohol, drug, and weapons violations referred to the UGA Office of Student Conduct during 2016, 2017 and 2018. The information in this report can also be found online at safeandsecure.uga.edu.

Exempt from CSA reporting requirements are professional counselors providing mental health counseling to members of the UGA community within the scope of privileged communications as defined by Georgia law. Despite this exemption, professional counselors are encouraged to discuss with clients, if applicable, the procedures for confidential crime reporting within UGA.

VOLUNTARY CONFIDENTIAL REPORTING/ LIMITED VOLUNTARY CONFIDENTIAL REPORTING

The University of Georgia Police Department encourages anyone who is the victim of or witness to any crime to report the incident to the police immediately. Because original police reports must be released under the Georgia Open Records Act (O.C.G.A. 50-18-70, et seq.), the University of Georgia Police Department cannot hold reports of crimes in confidence. All reported crimes are documented and included on the daily crime log maintained by the University of Georgia Police Department, in compliance with the Clery Act. This ensures that other students, faculty, and staff have the opportunity to make themselves aware of reported crimes on campus.

All campus officials who have interactions with students should report any crime brought to their attention to the University of Georgia Police Department. Reminder emails are sent to units on campus who may receive reports of crime. The victim of the crime will make the choice to have the case investigated and/or prosecuted, with no pressure to do so from UGA Police or University officials, provided, that in the event that a reported crime indicates the possibility of an on-going risk to the University and surrounding community, the UGA Police will follow up and take necessary steps to clarify the circumstances of the reported crime, address the ongoing risk (including through the issuance of a timely warning if appropriate), and communicate with the community to reduce opportunities for potential similar crimes.

For any criminal incidents related to sexual assault, individuals are encouraged to report according to the procedures and recommendations specified in the section of this report entitled "*Preventing and Responding to Sexual Assault*" beginning on page 7.

CAMPUS LAW ENFORCEMENT

The University of Georgia Police Department has complete police authority to apprehend and arrest anyone involved in illegal acts on campus and in areas immediately adjacent to campus. If a University student commits offenses involving University rules and regulations, the UGA Police may also refer the individual to the Office of Student Conduct. The prosecution of all criminal offenses, both felony and misdemeanor, on or near the main UGA campus in Athens, are conducted through the Municipal, State, and Superior Courts of Athens-Clarke County.

The University of Georgia Police Department is responsible for responding to and investigating all criminal activity occurring on the main UGA campus and has the authority to address criminal activity, including to make arrests, within 500 yards of campus if the need arises. (O.C.G.A. 20-3-72).

Through coordination with local law enforcement agencies, documentation of criminal activity engaged in by students at off-campus locations is forwarded to the Office of Student Conduct for review and follow up action.

SECURITY AND ACCESS

The University has a physical access and security committee, which is chaired by a member of the University of Georgia Police Department. A number of physical and security access applications are put in place, based on the needs of the individual buildings. The level of access to individual buildings is granted and controlled by building management personnel, based on the individual needs of those who use the specified buildings.

SECURITY AWARENESS PROGRAMS

The University of Georgia Police Department takes a number of steps to inform students of effective security procedures and practices, as well as ways to look out for themselves and their fellow students. The University of Georgia Police Department's website (police.uga.edu) is a valuable source of information on topics such as crime statistics, timely warning information, crime prevention and security awareness information, and general safety.

During summer orientation sessions, incoming freshmen and transfer students are introduced to general safety procedures and the services offered by the University of Georgia Police Department.

Programs relating to General Safety and New/Transfer Student Orientation are offered on a regular basis by the UGA Police. Other programs are offered on an as-needed basis upon request.

Additionally, a number of crime prevention and general safety topics are displayed on the UGA Police website including: Alcohol Awareness, Drug Facilitated Rape Awareness, Sexual Assault Awareness, Cycle and Scooter Safety, Housing Tips, Vehicle Theft Tips, Weapons on Campus, Railroad Safety, and Pedestrian Safety.

CRIMINAL ACTIVITY OFF CAMPUS

When a University of Georgia student is involved in an off-campus criminal offense, the University of Georgia Police Department, when notified of such an incident, makes every effort to provide a record of the incident to the Office of Student Conduct for review and follow-up action. While the University of Georgia does not operate any off-campus housing, a large number of students live in residential areas surrounding the Athens campus. The University of Georgia Police Department routinely responds to incidents

that occur in these areas, in cooperation with the Athens-Clarke County Police Department.

Each year, crime statistics for non-campus properties associated with the University and its student organizations, as well as public property adjacent to and within the University's campuses are requested from the Athens-Clarke County Police Department and other local law enforcement entities. When statistics are provided, they are included in the University's crime statistics disclosed in this report.

CAMPUS LAW ENFORCEMENT

The University Police Department headquarters is located at 286 Oconee Street, Athens, Georgia, 30602 in the Hodgson Oil Building. Officers are on duty 24 hours a day, 365 days a year. The Police Department employs trained officers who are certified by the Peace Officers Standards and Training Council of Georgia, along with a corps of security guards, student assistants, and supporting staff members.

The Police Department is comprised of four divisions: Administration, Communication, Criminal Investigation, and Patrol. The patrol division, the largest of the four, responds to calls concerning criminal activity or requests for assistance. Officers patrol campus 24 hours a day, in marked vehicles, on bicycles, and on foot. Crime reports may be made at any time, either in person or by telephone at 706-542-2200; all complaints or reports of criminal or suspicious activity are investigated, and arrests are made when evidence warrants. The UGA Police Department can be contacted by individuals using TTY (text telephone) devices for communications at 706-542-1188. TTY is a text message system that is used by speech and/or hearing impaired individuals to communicate via phone lines with other TTY users.

UGA police officers have jurisdiction on campus and can, in emergency situations, enforce state laws within 500 yards of campus. They have authority to make arrests. Crimes off campus in Athens-Clarke County should be reported to the Athens-Clarke County Police (911). The Police Department works regularly with local, state, and federal law enforcement agencies.

Note: Offenses may also be reported to the Office of the Vice President for Student Affairs (706-542-3564), the administrators of which have been designated campus security authorities.

The UGA Police Department is unable to respond directly to emergency calls at the University's campuses at Griffin, Tifton, and Gwinnett, due to geographical limitations. The UGA Tifton campus is policed by the Police Department of Abraham Baldwin Agricultural College, which borders the UGA Tifton campus. The UGA Police Department encourages faculty, staff, and students to report any immediate threats to the local law enforcement agency listed below for those areas.

The Griffin Campus – The City of Griffin Police Department at 911 for emergencies or 770-229-6450 for non-emergencies.

The Tifton Campus – The Police Department of Abraham Baldwin Agricultural College, which borders the UGA

Tifton campus, at 229-391-5060, and/or the City of Tifton Police Department at 911 for emergencies or 229-382-3132 for non-emergencies.

The Gwinnett Campus – The Gwinnett County Police Department at 911 for emergencies or 770-513-5000 for non-emergencies.

TIMELY WARNING POLICY

In the event that a situation arises, either on or off campus, that, in the judgment of the Chief of the University of Georgia Police Department or his designee, constitutes an ongoing or continuing threat, a campus-wide “timely warning” will be issued. The warning will be issued through a campus-wide email to all faculty, staff, and students, as well as through local media outlets.

Anyone with information about an emergency situation or other situation that may warrant a timely warning should contact the University of Georgia Police Department immediately at 706-542-2200.

DAILY CRIME LOG

Consistent with the Clery Act requirements, the Police Department maintains a Daily Crime Log that records, listed by date and time the incident occurred and was reported, all crimes and other serious incidents that are reported to UGA Police, including incidents that occur on campus; in a non-campus building or property owned or operated by the University or its students “in a reasonably contiguous geographic area”; on public property within, adjacent to, or immediately accessible from the campus; or within UGA Police’s patrol jurisdiction. The Daily Crime Log is available for public inspection at the UGA Police Department or online at police.uga.edu/crime-stats/daily-log.

The Daily Crime Log includes the nature, date, and time the incident occurred and was reported, and general location of each crime, as well as its disposition. UGA Police posts incidents in the Daily Crime Log within two business days of receiving a report of an incident and, in accordance with the Clery Act requirements, may exclude incidents from the log in certain circumstances, particularly in circumstances where inclusion may compromise an ongoing investigation. Limited information may be temporarily withheld if it could jeopardize an ongoing investigation or the safety of an individual; cause a suspect to flee or evade detection; result in the destruction of evidence; if the disclosure is prohibited by law; or if the disclosure would compromise the confidentiality of the victim.

PREVENTING THEFT

Most crimes reported to the UGA Police involve property rather than personal danger. You can minimize your chances of becoming a victim by remembering that college campuses are not immune to crime. Follow these common-sense rules:

LOCK UP!

Lock your residence hall or apartment door, even when you're home. Lock your car. Lock your purse in a drawer in your office. Use the lockers at the bookstore.

Lock your door when you leave, even if only leaving "just for a minute." It only takes a thief 10 seconds to take something from your room or office.

Lock your door when you sleep, even in a residence hall.

Don't hide the key to your room or apartment outside. Thieves are more experienced than you at inventing — and discovering — such hiding places.

Lock your bike to an immovable object with a maximum security bike lock.

DON'T LEAVE YOUR PROPERTY UNATTENDED...

...in the library, dining hall, classroom, restroom, or any campus facility. Theft of backpacks and textbooks is common. If you're leaving for a minute, take your things with you.

Don't leave notes on your door announcing that you aren't home. Don't leave things in the laundry room.

IDENTIFY YOUR BELONGINGS.

Put your name and address on textbooks — inside the cover and on an inside page or two. Engrave a personal code on items that might interest a thief — televisions, phones, radios, cameras, computers, appliances, sports equipment, bicycles, and anything else that's portable and valuable.

Record pertinent information on valuable items like description, make, model, serial numbers, personally applied codes, value, and any distinguishing marks or features that would help to identify the item. Keep this document in a safe place, away from the valuables themselves. If property is stolen, your written inventory helps provide a detailed description of what's missing, and if the property is recovered, the police can identify the owner by the engraved code or other distinguishing features.

BE A LITTLE SUSPICIOUS.

You may know your neighbors in your residence hall or apartment building are fellow students, but what else do you know about them? Until you know them well enough to be friends, don't take chances.

Don't lend your keys, student ID, driver's license, or meal ticket to anyone.

Don't open a building door for a stranger who doesn't have a key. Don't prop open a door — and if you see one that is propped open, close it.

Report suspicious behavior immediately to campus police.

PREVENTING AND RESPONDING TO SEXUAL ASSAULT

WHAT TO DO IF YOU OR SOMEONE YOU KNOW HAS BEEN SEXUALLY ASSAULTED

GET TO A SAFE PLACE

If you or someone you know has been sexually assaulted, the first priority is to get to a safe location.

CONTACT THE POLICE

It is recommended that the police be contacted as soon as possible following a sexual assault. Contacting the police does not commit or obligate the survivor to having the assault investigated or prosecuted. The survivor can make that choice later. Nor will contacting the police subject the survivor to scrutiny or judgmental opinions from officers. Rather, contacting the police will:

- ensure that a survivor of sexual assault receives the necessary medical treatment, tests, and prophylactic care (including for sexually transmitted infections and pregnancy, if desired), at no expense to the survivor;
- if the assault occurred within the past 120 hours, provide the opportunity for collection and preservation of evidence in the event the survivor decides to pursue prosecution (ideally a survivor should not wash, douche, use the toilet, or change clothing prior to a medical exam); and
- assure the survivor has access to free, confidential advocates specifically trained in the area of sexual assault crisis intervention and support. Confidential advocates can be reached by calling 706-542-SAFE.

For on-campus assaults in Athens, contact the University Police Department at 911 or 706-542-2200.

For off-campus assaults in Athens, contact the Athens-Clarke County Police Department by calling 911 or 706-613-3330.

For on-campus or off-campus assaults on the Griffin, Tifton, or Gwinnett campuses, contact the following:

- Griffin Campus – Contact the City of Griffin Police Department by calling 911 or 770-229-6450.
- Gwinnett Campus – Contact the Gwinnett County Police Department by calling 911 or 770-513-5000.
- Tifton Campus – Contact the Police Department of Abraham Baldwin Agricultural College, which

borders the UGA Tifton campus, at 229-391-5060 or the City of Tifton Police Department at 911 or 229-382-3132.

For off-campus assaults outside of the above jurisdictions, contact local law enforcement for the relevant jurisdiction.

OBTAIN MEDICAL CARE

Whether or not the police are called, the survivor is encouraged to obtain medical treatment. Medical providers in the Athens, Georgia, area, include:

SANE exams are free and are usually conducted at the Family Protection Center, 3035 Lexington Road, Athens, Georgia, 30605, which is a comfortable, private, and non-stressful setting for the survivor and any support persons accompanying the survivor. A free SANE exam can also be arranged by contacting the UGA Police Department at 911 or 706-542-2200, or by contacting UGA's Sexual and Relationship Violence Prevention's (RSVP) 24-hour hotline at 706-542-SAFE (706-542-7233), or by contacting The Cottage: Sexual Assault Center at 877-363-1912 (24-hour hotline).

NOTIFY THE EQUAL OPPORTUNITY OFFICE/ TITLE IX COORDINATOR

Contact Information:

E. Janyce Dawkins, JD/MBA
Director & Title IX Coordinator
Equal Opportunity Office (EOO)
278 Brooks Hall, Athens, Georgia 30602
706-542-7912 (ph) / 706-542-2822 (fax)
edawkins@uga.edu

All University Community members are strongly encouraged to report incidents or allegations of sexual assault within the University Community to the Equal Opportunity Office/Title IX Coordinator. Community members who are responsible employees or in positions of authority are required to report. The Equal Opportunity Office/Title IX Coordinator is, in turn, responsible for stopping the assaultive conduct if it is on-going; ensuring the survivor is aware of and has access to assistance and support resources; remedying, to the extent possible, the effects of the assault; and preventing recurrence.

SEXUAL MISCONDUCT DISCIPLINARY PROCEDURES

The EOO will also conduct impartial and timely investigations into incidents and allegations of sexual violence within the University Community under the University System of Georgia's Student Sexual Misconduct

Policy, the University's Code of Conduct, and the University's Non-Discrimination and Anti-Harassment (NDAH) Policy. While the EOO investigates all allegations of sexual misconduct, the procedures governing resolution of matters and appeals differ based on whether the respondent is a student or a faculty or staff member.

Procedures for Student Respondents

Allegations of sexual misconduct, including allegations of dating violence, domestic violence, sexual assault, or stalking, against a student are investigated by the EOO. An investigation may result in an informal or formal resolution, or result in a determination that insufficient evidence exists to proceed. In the case of a formal resolution, the matter may be heard by a three-person panel made up of University faculty and staff.

All investigations conducted by the EOO concerning sexual misconduct by a University of Georgia student will be prompt, fair, and impartial. The standard of proof utilized in these cases is a preponderance of the evidence, provided that in cases where a student is suspended or expelled, the finding of violation must be supported by substantial evidence. Preponderance of the evidence, as an evidentiary standard, means that it is more likely than not the alleged violation of policy occurred. All investigations and hearings of possible student sexual misconduct, including appeal processes, are carried out by University employees who have received annual training on issues related to sexual assault, dating violence, domestic violence, and stalking, with such training covering how to conduct a sexual misconduct investigation, resolution of investigations (including the hearing process when applicable), and the appeal process, in each case focusing on protecting the safety of victims, maintaining fairness/impartiality for accused individuals, and promoting student accountability.

Due process rights of the victim and accused individual are observed throughout the course of the investigation, resolution, and appeal of an allegation of sexual misconduct. If it is determined that a violation of policy has occurred, disciplinary action may be taken, with possible sanctions consisting of suspension, expulsion, probation, restitution, community service, tailored restrictions on access to University programs and facilities, restrictions on access to on-campus housing, as well as other educational sanctions where appropriate, including mandatory mentoring programs or alcohol training. The severity of any disciplinary action will depend on the frequency or severity of the offense and the history of past misconduct by the accused. For more information, see the Code of Conduct

at conduct.uga.edu/content_page/code-of-conduct and the University System of Georgia's Sexual Misconduct Policy at eoo.uga.edu/policies/student-sexual-misconduct-policy.

Procedures for Faculty and Staff Respondents

Allegations of sexual misconduct against a University faculty or staff member are investigated by the EOO. Following its investigation, EOO will make a finding as to whether a violation has occurred or not.

All investigations concerning sexual misconduct by a University of Georgia faculty or staff member will be prompt, fair, and impartial, and shall be conducted by University employees who have received annual training on issues related to sexual assault, dating violence, domestic violence, and stalking, with such training covering how to conduct a sexual misconduct investigation, resolution of investigations (including the hearing process when applicable), and the appeal process, in each case focusing on protecting the safety of victims, maintaining fairness/impartiality for accused individuals, and promoting employee accountability.

Faculty or staff investigation procedures will determine findings of fact using the preponderance of the evidence standard, which means that it is more likely than not that a violation of Institute policy has occurred. If it is determined that a violation of policy has occurred, disciplinary action may be taken, with a wide range of possible sanctions available, from a letter of counseling, mandatory training, suspensions without pay, up to and including termination of employment. The severity of any disciplinary action will depend on the frequency or severity of the offense and the history of past misconduct by the employee. For more information, see the University's Non-Discrimination and Anti-Harassment Policy at eoo.uga.edu/policies/non-discrimination-anti-harassment-policy.

Additional Procedures for all Sexual Misconduct Proceedings

Advisors. All parties to a proceeding under the University's NDAH Policy or the Student Sexual Misconduct Policy shall have the opportunity to use an advisor (who may or may not be an attorney) of the party's choosing at the party's own expense for the express purpose of providing advice and counsel. The University Health Center/Health Promotion Department provides comprehensive interpersonal violence prevention, education, and 24-7 advocacy support services to all UGA students, including the following programs:

Haven - The Health Promotion Department administers Haven, the required online interpersonal violence prevention program that all incoming first-year and transfer students take prior to their arrival on campus. In addition, incoming students and parents who participate in summer orientation attend interactive sessions facilitated by staff from the Health Promotion Department that cover risk reduction strategies and resources available to students on campus and in the community.

Watch Dawgs - Once students arrive on campus in the Fall, there are many opportunities to participate in the Watch Dawgs active bystander intervention training

programs. Watch Dawgs empowers students to recognize and prevent potentially risky situations, including relationship violence, sexual assault, and alcohol poisoning. Students get to role play real-life scenarios with their peers and learn effective ways to intervene and get help for peers who might be at risk while also learning about campus resources available for support.

Other Programs and Educational Opportunities -

Other programs are offered throughout the year, including large-scale presentations with nationally recognized guest presenters or targeted campus programming. Programs are tailored to specific populations on campus, and topics include but are not limited to: sexual assault, relationship/dating violence, consent, healthy relationships, supporting survivors/how to help a friend, and how to be an active bystander. The RSVP office also offers interpersonal violence education and training programs tailored to specific group needs and content areas upon request. In addition, the RSVP Peer Education program has a group of trained student volunteers who assist the RSVP office in implementing educational programs on campus, including awareness-building campaigns and outreach initiatives. Students who want to become an RSVP peer educator can call the Health Promotion Office at 706-542-8690.

The UGA Police Department provides information about sexual assault, date rape, and other crime prevention information to students and parents through freshman orientation sessions each summer. UGA Police also offers sexual assault and other educational information on their website. In addition, the Police Department provides talks and presentations on related topics upon request.

SEX OFFENDER REGISTRATION

The Georgia Sex Offender Registry allows for the search of sex offenders by name, address, and several other identifiers/methods. The registry also designates sexual offenders as Sexually Dangerous Predators and Absconders based on their histories and allows for searches in these categories as well. The link to the Georgia Sex Offender Registry can be found on the University of Georgia Police Department web site and at: gbi.georgia.gov/georgia-sex-offender-registry.

CERTAIN TERMS DEFINED

There are numerous terms used by the University of Georgia in its policies and procedures with respect to sexual assault and other crimes of gender-based violence. These terms are defined by reference to Georgia law in many instances, and may vary from the definitions provided later in this report in relation to crime reporting under the Clery Act.

Consent is defined by the University System of Georgia as words or actions that show a knowing and voluntary willingness to engage in mutually agreed-upon sexual activity. Consent cannot be gained by force, intimidation or coercion, by ignoring or acting in spite of objections of another, or by taking advantage of the incapacitation of another where the respondent knows or reasonably should have known of such incapacitation. Consent is also absent when the activity in question exceeds the scope of consent previously given. Past consent does not imply present or future consent. Silence or an absence of resistance does not imply consent. Consent can be withdrawn at any time by either party using clear words or actions. Minors under the age of 16 cannot legally consent under Georgia law.

The State of Georgia defines “**without consent**” under O.C.G.A. §16-1-3(19) as a circumstance in which a person whose concurrence is required has not, with knowledge of the essential facts, voluntarily yielded to the proposal of the accused or of another.

Sexual Assault includes a number of different offenses meeting the definition of rape, fondling, incest, or statutory rape as used in the FBI’s Uniform Crime Reporting system. A sex offense is any act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

In Georgia, there is no definition for the general term of Sexual Assault as it is used in the FBI’s Uniform Crime

Reporting system. Sex offenses are defined individually in the Official Code of Georgia. However, the University System of Georgia refers to Sexual Assault by the term “sexual misconduct” and defines it as an umbrella term referring to a range of non-consensual sexual contact, which can occur in many forms, including but not limited to, rape and sexual battery. Georgia law does define “sexual assault” in a narrower context at O.C.G.A. §16-6-5.1 as sexual contact that is perpetrated by a person who has supervisory or disciplinary authority over another individual.

Rape is defined in the FBI’s Uniform Crime Reporting system as the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

The State of Georgia defines “rape” under O.C.G.A. §16-6-1 as follows:

A person commits the offense of rape when he has carnal knowledge of:

- (1) A female forcibly and against her will; or
- (2) A female who is less than ten years of age.

Carnal knowledge in rape occurs when there is any penetration of the female sex organ by the male sex organ. The fact that the person allegedly raped is the wife of the defendant shall not be a defense to a charge of rape.

Rape is punishable by death, life imprisonment with or without parole, or a minimum of 25 years imprisonment, followed by probation for life.

Fondling is defined in the FBI’s Uniform Crime Reporting system as touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

The State of Georgia defines fondling (Sexual Battery) under O.C.G.A. §16-6-22.1 as follows:

- (a) For the purposes of this Code section, the term “intimate parts” means the primary genital area, anus, groin, inner thighs, or buttocks of a male or female and the breasts of a female.
- (b) A person commits the offense of sexual battery when he or she intentionally makes physical contact with the intimate parts of the body of another person without the consent of that person.

Incest is defined in the FBI's Uniform Crime Reporting system as non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

The State of Georgia defines incest under O.C.G.A. §16-6-22 as follows:

A person commits the offense of incest when such person engages in sexual intercourse or sodomy, as such term is defined in Code Section 16-6-2, with a person whom he or she knows he or she is related to either by blood or by marriage as follows: (1) Father and child or stepchild; (2) Mother and child or stepchild; (3) Siblings of the whole blood or of the half blood; (4) Grandparent and grandchild of the whole blood or of the half blood; (5) Aunt and niece or nephew of the whole blood or of the half blood; or (6) Uncle and niece or nephew of the whole blood or of the half blood.

Statutory Rape is defined in the FBI's Uniform Crime Reporting system as non-forcible sexual intercourse with a person who is under the statutory age of consent.

The State of Georgia defines Statutory Rape under O.C.G.A. §16-6-3 as follows:

A person commits the offense of statutory rape when he or she engages in sexual intercourse with any person under the age of 16 years and not his or her spouse, provided that no conviction shall be had for this offense on the unsupported testimony of the victim.

Domestic Violence includes felony or misdemeanor crimes of violence committed by a current or former spouse of the victim, by a person with whom the victim shares a child in common, by a person cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

The State of Georgia does not have any specific law regarding Domestic Violence. If a crime of battery occurs and the elements listed in the above definition exist regarding the relationship between the perpetrator and the victim, then it is indicated on the arrest warrant. The University System of Georgia defines Domestic Violence as

“violence committed by a current or former spouse or intimate partner of the alleged victim; by a person with whom the alleged victim shares a child in common; by a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner, or by a person similarly situated to a spouse of the alleged victim.”

Dating Violence means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim; and where the existence of such relationship shall be based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

The State of Georgia does not have any specific law regarding Dating Violence. If a crime of battery occurs and the elements listed in the above definition exist regarding the relationship between the perpetrator and the victim, then it is indicated on the arrest warrant. The University System of Georgia defines Dating Violence as “violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the alleged victim. Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence.”

Stalking is defined as engaging in a course of conduct directed at a specific person that would cause a reasonable person to:

- Fear for the person's safety or the safety of others; or
- Suffer substantial emotional distress.

For the purposes of this definition—

- Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.
- Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.
- Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily require medical or other professional treatment or counseling.

The State of Georgia defines Stalking under O.C.G.A §16-5-90 as follows:

(1) A person commits the offense of stalking when he or she follows, places under surveillance, or contacts another person at or about a place or places without the consent of the other person for the purpose of harassing and intimidating the other person. For the purpose of this article, the terms "computer" and "computer network" shall have the same meanings as set out in Code Section 16-9-92; the term "contact" shall mean any communication including without being limited to communication in person, by telephone, by mail, by broadcast, by computer, by computer network, or by any other electronic device; and the place or places that contact by telephone, mail, broadcast, computer, computer network, or any other electronic device is deemed to occur shall be the place or places where such communication is received. For the purpose of this article, the term "place or places" shall include any public or private property occupied by the victim other than the residence of the defendant. For the purposes of this article, the term "harassing and intimidating" means a knowing and willful course of conduct directed at a specific person which causes emotional distress by placing such person in reasonable fear for such person's safety or the safety of a member of his or her immediate family, by establishing a pattern of harassing and

intimidating behavior, and which serves no legitimate purpose. This Code section shall not be construed to require that an overt threat of death or bodily injury has been made.

(2) A person commits the offense of stalking when such person, in violation of a bond to keep the peace posted pursuant to Code Section 17-6-110, standing order issued under Code Section 19-1-1, temporary restraining order, temporary protective order, permanent restraining order, permanent protective order, preliminary injunction, or permanent injunction or condition of pretrial release, condition of probation, or condition of parole in effect prohibiting the harassment or intimidation of another person, broadcasts or publishes, including electronic publication, the picture, name, address, or phone number of a person for whose benefit the bond, order, or condition was made and without such person's consent in such a manner that causes other persons to harass or intimidate such person and the person making the broadcast or publication knew or had reason to believe that such broadcast or publication would cause such person to be harassed or intimidated by others.

POLICIES FOR REPORTING CRIME DATA

The University of Georgia Police Department prepares annual crime statistics to comply with the Clery Act. Crime statistics for the previous seven years can be located on the University of Georgia Police Department web site at police.uga.edu. Crime statistics are prepared in cooperation with the local law enforcement agencies surrounding the University's main campus in Athens, Georgia, as well as the campuses located in Griffin, Georgia; Tifton, Georgia; Gwinnett County, Georgia; and the University's study abroad programs in Oxford, England, and Cortona, Italy. Crime statistics are requested from law enforcement in additional jurisdictions as appropriate. UGA Housing, the Office of Student Conduct, UGA Health Services, and other campus security authorities also report criminal incidents to the UGA Police Department. All campus officials that have interactions with students should report any crime brought to their attention to the University of Georgia Police Department. Reminder emails are sent to units on campus who may receive reports of crime. The victim of the crime will make the choice to have their case investigated and/or prosecuted, with no pressure from University Police or University officials, provided, that in the event that a reported crime indicates the possibility of an ongoing

risk to the University and the surrounding community, the University of Georgia Police Department will follow up and take necessary steps to clarify the circumstances of the reported crime, address the ongoing risk (including through the issuance of a timely warning, if appropriate), and communicate with the community to reduce opportunities for potential similar crimes.

Campus crime, arrest, and referral statistics include those reported to the UGA Police from the sources listed above and local law enforcement agencies. These statistics may also include crimes that have occurred in private residences or businesses and is not required by law.

AVAILABILITY OF ANNUAL SECURITY REPORT

Each year, the University of Georgia Police Department enters required data on the Federal Department of Education website. Annual data collection and Clery compliance is overseen by the Office of Legal Affairs. The Division of Marketing & Communications maintains the "Safe and Secure" website and facilitates the public dissemination of this report and other related information.

CLERY ACT CRIME STATISTICS

The following annual security report provides crime statistics for selected crimes that have been reported to local police agencies or to campus security authorities. These tables were compiled using data received and gathered by the University of Georgia Police Department as well as from the Athens-Clarke County Police Department. The counting and disclosure of Clery-reportable offenses in the following tables are based on the definitions provided by the Federal Bureau of Investigation's Uniform Crime Reporting ("UCR") Program, as well as definitions provided by the Violence Against Women Act of 1994 for certain crimes. These definitions are provided below following the tables. The statistics reported for the sub-categories on liquor laws, drug laws, and weapons offenses represented the number of people arrested or referred to campus judicial authorities for respective violations, not the number of offenses documented. The University has historically presented a more comprehensive set of crime statistics than is required by the Clery Act, and the University continues to do so in this year's Annual Security Report. However, the University has determined that separate tables disclosing only the Clery reportable crime statistics would be helpful in conveying the important information identified by the Clery Act as relevant to the University community. As a result, the 2019 Annual Security Report includes two sets of tables for each of the three reporting years. The first set of tables presents the Clery reportable crime statistics and other required information for each year. The second set of tables presents the broader set of crime statistics that the University has historically presented.

- One incident of Intimidation (Terroristic Threats) that occurred on campus was determined to have been motivated by hate on the basis of race during 2017.
- The UGA Griffin Campus reported three public property burglaries in 2017. Upon further discussion with the City of Griffin Police Department, it was determined that each reported incident did not take place on the University's public property. As a result, the 2017 statistics have been updated to remove these three reports.

CLERY CRIME STATISTICS FOR OTHER CAMPUSES AND STUDY ABROAD SATELLITE CAMPUSES FOR 2018, 2017, AND 2016

In addition to crime statistics collected by the main Athens campus, each of the University's separate campuses located in Griffin, Tifton, and Gwinnett County, Georgia collect their own crime statistics in accordance with the requirements of the Clery Act. In addition, the University's three permanent study abroad locations provide crime statistics as well. These crime statistics are collected from administrators responsible for each of these locations. Please note that the University sold its permanent study abroad campus in Costa Rica in March 2019, and the effect of this divestiture on the reporting of Clery Crime Statistics will be reflected in next year's annual security report.

DEFINITIONS

Criminal Homicide: These offenses are separated into two categories: Murder and Non-Negligent Manslaughter, and Manslaughter by Negligence.

Murder and Non-Negligent Manslaughter: the willful (non-negligent) killing of one human being by another. Includes any death caused by injuries received in a fight, argument, quarrel, assault, or the commission of a crime.

Manslaughter by Negligence: the killing of another person through gross negligence includes any death caused by the gross negligence of another.

Sexual Assault is any sexual act directed against another person, without consent of the victim, including instances where the victim is incapable of giving consent, and for reporting purposes under the Clery Act includes the following (including attempts):

Rape is the penetration, no matter how slight, of the vagina or anus, with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. This offense includes the rape of both males and females.

Fondling is the touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

Incest is sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape is sexual intercourse with a person who is under the statutory age of consent.

Robbery is the taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear. The above tables present reports of both Armed Robbery and Other Robbery.

Aggravated Assault. Aggravated Assault is an unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

Burglary. Burglary is the unlawful entry of a structure to commit a felony or a theft.

Motor Vehicle Theft. Motor Vehicle Theft is the theft or attempted theft of a motor vehicle.

Arson. Arson is any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Hate Crimes. A Hate Crime is a criminal offense that manifests evidence that the victim was intentionally selected because of the perpetrator's bias against the victim, such bias taking one of the following forms:

Race. A preformed negative attitude toward a group of persons who possess common physical characteristics, e.g., color of skin, eyes, and/or hair; facial features, etc., genetically transmitted by descent and heredity which distinguish them as a distinct division of humankind, e.g., Asians, blacks or African Americans, whites.

Religion. A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being, e.g., Catholics, Jews, Protestants, atheists.

Sexual Orientation. A preformed negative opinion or attitude toward a group of persons based on their actual or perceived sexual orientation. Sexual Orientation is the term for a person's physical, romantic, and/or emotional attraction to members of the same and/or opposite sex, including lesbian, gay, bisexual, and heterosexual (straight) individuals.

Gender. A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender, e.g., male or female.

Gender Identity. A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender identity, e.g., bias against transgender or gender non-conforming individuals. Gender non-conforming describes a person who does not conform to the gender-based expectations of society, e.g., a woman dressed in traditionally male clothing or a man wearing makeup. A gender non-conforming person may or may not be a lesbian, gay, bisexual, or transgender person but may be perceived as such.

Ethnicity. A preformed negative opinion or attitude toward a group of people whose members identify with each other, through a common heritage, often consisting of a common language, common culture (often including a shared religion) and/or ideology that stresses common ancestry. The concept of ethnicity differs from the closely related term “race” in that “race” refers to a grouping based mostly upon biological criteria, while “ethnicity” also encompasses additional cultural factors.

National Origin. A preformed negative opinion or attitude toward a group of people based on their actual or perceived country of birth. This bias may be against people who have a name or accent associated with a national origin group, participate in certain customs associated with a national origin group, or because they are married to or associate with people of a certain national origin.

Disability. A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments, whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age, or illness.

The following crimes are counted for Clery-reporting purposes only if they constitute a Hate Crime:

POLICY ON ALCOHOL AND OTHER DRUGS

Revised September 2017

The abuse and misuse of alcohol and other drugs by members of the University of Georgia community are incompatible with the goals and mission of the institution. To further the University's commitment to provide a healthy and thriving educational environment, and in compliance with the Drug-Free Schools and Communities Act Amendments of 1989, the University has established the following policy on alcohol and other drugs. View the UGA Policy on Alcohol and Other Drugs at safeandsecure.uga.edu.

Alcoholic Beverages and Illegal Drug Use

It is unlawful to sell, furnish, or provide alcohol to a person under the age of 21. The possession of alcohol by anyone under 21 years of age is illegal. UGA Police strictly enforce such laws. Violators are subject to criminal prosecution, disciplinary action, fine, and imprisonment.

The possession, sale, manufacture, or distribution of any controlled substance is illegal under both state and federal laws on the University campus. UGA Police strictly enforces such laws. Violators are subject to criminal prosecution, disciplinary action, fine, and imprisonment.

Substance Abuse Education

The University Health Center's Health Promotion Department offers UGA students prevention, early intervention, and recovery support services through The Fontaine Center to address alcohol and other drug misuse. The courts in Athens-Clarke County also offer an educational and treatment program known as Drug Court for felony drug and repeat DUI offenders. The program is a joint effort between the Superior Court of Athens-Clarke County, the Solicitor General, Local Law Enforcement, Bar Association including the Public Defender's Office, Probation Office, Court Program Coordinator, and licensed substance abuse treatment professionals to offer alternatives to incarceration for drug and alcohol offenders. The program consists of individual counseling, group therapy, education, monitoring, and regular drug testing.

Student Conduct

The University of Georgia's student conduct regulations prohibit the unlawful possession, use, or distribution of alcohol and other drugs by students and student organizations. The regulations also prohibit other alcohol- and drug-related misconduct. Students under the age of 21 are prohibited from the possession of alcohol in violation of law and/or University policies. All students are prohibited from use and possession of illegal drugs or controlled substances. Sanctions for violations of these student conduct regulations may include alcohol and/or other drug (AOD) education, probation, community service, suspension, and/or expulsion. The Family Educational Rights and Privacy Act (FERPA) has given colleges/universities the option to notify parents/guardians about specific types of information from a student's conduct record. The Office of Student Conduct will notify parents/guardians the first time and any subsequent time a student is found to have violated Code of Conduct policies on the use or possession of alcohol or other drugs when he/she is under the age of 21.

UGA Responsible Action Protocol

Students are encouraged to make responsible decisions in life-threatening situations that result from alcohol and/or other drug abuse and to seek medical attention for someone who is in danger because of intoxication. Students should alert University officials, UGA Police or Athens-Clarke County police, or professional medical personnel when they or their friends are in danger. Students who call for, seek, or require emergency assistance for an alcohol or other drug related emergency may not be subject to mandatory alcohol and other drug sanctions under the University's Code of Conduct.

For more information about the purpose, scope, requirements and limitations of the Protocol, see conduct.uga.edu/content_page/responsible-action-protocol-content-page.

Employee misconduct related to alcohol or other drug abuse will not be tolerated. The unlawful manufacture, distribution, sale, use, or possession of a controlled substance, marijuana, or a dangerous drug by employees of the University of Georgia is prohibited by federal and state law, as well as Board of Regents policy. Violation of this Policy will result in appropriate disciplinary sanctions, including but not limited to dismissal, demotion, or suspension of employment and/or referral to the appropriate state agency for legal prosecution.

Any University employee who is convicted for the first time, under the laws of this state, the United States, or any other state, of any criminal offense involving the manufacture, distribution, sale, or possession of a controlled substance, marijuana, or a dangerous drug shall notify the Office of Legal Affairs (706-542-0006) of such conviction no later than 24 hours after the conviction. Any such employee shall be subject to, at a minimum, suspension from his or her employment for a period of not less than two months, or other disciplinary sanctions up to and including dismissal of employment. The employee may appeal the suspension or dismissal under procedures set forth in the University of Georgia Grievance and Disciplinary Review Policy. In the case of a suspension, such employee shall be required as a condition of completion of suspension to complete a drug treatment and education program approved by the President of the University. Upon a second conviction, such employee must be terminated and made ineligible for any state employment for a period of five (5) years from the most recent date of conviction.

If, prior to an arrest for an offense involving a controlled substance, marijuana, or a dangerous drug, an employee notifies his or her immediate supervisor that he or she illegally uses a controlled substance, marijuana, or a dangerous drug and is receiving or agrees to receive treatment under a drug abuse treatment and education program approved by the President of the University, the employee shall be entitled to maintain employment for up to one (1) year as long as the employee follows the treatment plan. During this period, the employee shall not be separated from his or her employment solely on the basis of the employee's drug dependence, but the employee's work activities may be restructured if practicable to protect persons or property. In addition, this Policy does not prohibit the University from taking appropriate disciplinary action for violations of the Conduct Policy. An employee retained in accordance with the provisions of this Policy will be subject to return-to-work and random selection for controlled substance testing for no less than one (1) year. In addition, the employee may be tested "for cause" if testing falls within the treatment center's contract time period and testing is arranged by the treatment center. No statement made by an employee to a supervisor or other person in order to comply with this Policy shall be admissible in any civil, administrative, or criminal proceeding as evidence against the employee. Rights granted by this Policy shall be available to an employee only once during a five (5) year period and shall not apply to any employee who has refused to be tested or who has tested positive for a controlled substance, marijuana, or a dangerous drug.

In addition to criminal sanctions described below, employees convicted of drug-related offenses are subject to civil penalties. Such penalties may include suspension or revocation of professional and occupational licenses, restriction from public employment for up to five years, denial of retirement benefits, and denial of state-sponsored loans and mortgages. Workers' compensation benefits will also be denied in certain instances where alcohol or other drugs are a cause of injury.

Any employee who serves or provides alcoholic beverages in his or her official capacity is subject to the Guidelines Concerning University Events Where Alcoholic Beverages are Served or Provided, which include prohibiting the furnishing of alcohol to persons under age. These guidelines should be reviewed by all employees hosting and/or working at any event where alcohol will be served. These guidelines are available at: provost.uga.edu/policies/.

Federal sanctions for illegal possession of drugs include imprisonment up to 1 year and/or a minimum fine of \$1,000 for a first conviction; imprisonment for 15 days-2 years and a minimum fine of \$2,500 for a second drug conviction; and imprisonment for 90 days-3 years and a minimum fine of \$5,000 for a third or subsequent drug conviction. For possession of a mixture or substance which contains a cocaine base, federal sanctions include 5-20 years in prison and a minimum fine of \$1,000, for a first conviction if the mixture or substance exceeds 5 grams, for a second conviction if the mixture or substance exceeds 3 grams, and for a third or subsequent conviction if the mixture or substance exceeds 1 gram. Additional possible penalties for the illegal possession of drugs are forfeiture of real or personal property used to possess or to facilitate possession of a controlled substance if the offense is punishable by more than 1 year imprisonment; forfeiture of vehicles, boats, aircraft, or any other conveyance used, or intended for use, to transport or conceal drugs; civil fine up to \$10,000 per violation; denial of federal benefits, such as student loans, grants, contracts, and professional and commercial licenses for up to 1 year for a first and up to 5 years for a second or subsequent offense; successful completion of a drug treatment program; community service; and ineligibility to receive or purchase a fire-arm.

Georgia law prohibits the purchase or possession of alcohol by a person under the age of 21, or the furnishing of alcohol to such a person. Driving under the influence of alcohol or other drugs also is illegal. It is against Georgia law, under certain circumstances, to walk or be upon a roadway while under the influence of alcohol or other drugs. The punishment for these offenses may include imprisonment, fines, mandatory treatment and education programs, community service, and mandatory loss of one's driver's license.

ALCOHOL AND OTHER DRUGS

ALCOHOL & OTHER DRUG (AOD) PREVENTION, INTERVENTION AND RECOVERY SUPPORT SERVICES

The Fontaine Center, part of the University Health Center, provides a continuum of care and services including Alcohol and Other Drug prevention, early intervention and recovery support for UGA students. The Fontaine Center provides brief counseling and education for students who are concerned about their personal drinking or misuse of other substances, or those of a friend or family member. We are also home to the CRC (Collegiate Recovery Program), which is committed to providing support for all students in recovery from substance-use disorders.

Alcohol Edu is a mandatory online alcohol education course required for all incoming first-year and transfer students prior to their arrival on campus. Additionally, incoming students and parents attending summer orientation participate in alcohol and other prevention programming that includes information about campus and community resources.

The Fontaine Center also offers additional programming and presentations throughout the year tailored to specific population needs. Students may engage in a continuum of programs that teach critical life skills, support student success, resiliency and life-long well-being. Some of the Center's signature programs include active bystander intervention training (Watch Dawgs), "Do it Sober" alcohol-free events, risk management training, Mentor Program, Wellness Coaching, nutrition and cooking classes, sleep and academic performance, and many more.

The Fontaine Center also offers support programs to students who are referred to our office for violations of the UGA Alcohol and Other Drug policy, and/or referrals from the community courts. Students concerned about their own substance use may schedule an appointment to meet with one of the Fontaine Center staff members for an initial consultation. The following are some of the programs run by the Fontaine Center:

- BASICS: Brief Alcohol Screening and Intervention for College Students
- DAWGS: Drugs and Alcohol With Good Sense (4 session group)
- Mentor Program
- AOD Individual Consultation
- Individual Brief Alcohol and other Drug Counseling
- Wellness Coaching

The Collegiate Recovery Community (CRC) provides an environment where students recovering from addiction can find peer support as well as other recovery support services while navigating their own college experience. The CRC is part of The University Health Center, Fontaine Center and is located in Memorial Hall.

P.A.D.E. (Fontaine Center Peers for Alcohol & Other Drug Education) was created in the fall of 2008 to increase student involvement in the efforts of alcohol awareness and education within the Fontaine Center. The group works together to improve the safety and success of UGA students by advising the alcohol awareness and educational endeavors put forth by the Fontaine Center.

Support group meetings are available on campus and include AA/EDA and Al-Anon. In addition, a weekly "Celebration of Recovery" meeting (Got Recovery) takes place on Thursday evenings in Memorial Hall.

In addition to registering an emergency contact, students living in on-campus housing may also designate a confidential contact person to be notified in the event that the student is determined to be missing that only authorized campus officials and law enforcement officers in the furtherance of a missing persons investigation may access. Students who wish to designate a confidential contact person may do so by contacting the Community Housing Office that serves the area in which they reside. UGA Police will notify this individual no later than 24 hours after the student has been determined missing.

In the event a student is determined to be missing for more than 24 hours, regardless of whether a confidential contact person has been registered by the student, the

For missing students who are under the age of 18 and not emancipated, a parent or legal guardian must be notified of the situation, in accordance with HEOA.

The procedures outlined above may be implemented in less than 24 hours after a student has been determined missing if circumstances warrant a faster implementation.

Students will be given the opportunity during the time of move-in to designate an individual or individuals to be contacted by the University no more than 24 hours after the time the student is determined to be missing in accordance with the procedures set forth below. A designation will remain in effect until changed or revoked by the student. This information will be maintained in the Community Office of the building where the student is a resident.

In the event a student who is under the age of 18 and is not emancipated is determined to be missing pursuant to the procedures set forth below, the University is required to notify a custodial parent or guardian, in addition to the student's designated contact, no more than 24 hours after the student is determined to be missing in accordance with the procedures set forth below.

II. Official notification procedures for missing students:

a. Any individual on campus who has information that a resident may be a missing student must notify the UGA Police Department as soon as possible and no later than 24 hours after determining the resident is missing. The UGA Police Department will gather all essential information about the resident from the reporting person and from the resident's acquaintances. Appropriate campus staff will be notified to aid in the search for the resident. Note: University Housing staff will follow their consult up policy accordingly in this situation.

The Office of Fire Safety can be reached at 706-369-5706 or visit <http://www.esd.uga.edu> for additional information.

University Housing Policies:

All hall graduate and professional staff are trained in the appropriate operation of residence hall fire alarm systems and fire alarm panels.

All University Housing policies can be viewed in the University Housing Community Guide on the housing website at housing.uga.edu/uploads/documents/CommunityGuide.pdf. All housing policies are reviewed on a three-year cycle or if the need arises to review sooner. The following policies relate directly to fire safety:

1. The following items are prohibited in University Housing facilities:
 - Incense, burning candles, or any other open flame;
 - Tampering with fire extinguishers, smoke detectors, fire doors, and other safety equipment;
 - Motorized vehicles, including motorcycles, mopeds, scooters, and similar vehicles;

- Electrical appliances with an exposed heating element, resident-owned air conditioners, outside antennas and satellite dishes, and use of halogen light bulbs;
 - Fireworks and pyrotechnic devices;
 - Loft beds not provided by University Housing; and
 - Smoking or tobacco products as defined by the University System of Georgia.
2. Failure to evacuate a residence hall during a fire alarm or a fire drill will result in a discipline referral.
 3. The reckless obstruction of a fire exit in a residence hall/apartment or at a University Housing-sponsored activity is prohibited. Stairwell and other fire doors may not be propped open unless supported by a magnetic fire door closer. No combustibles or debris may be kept in corridors or stairwells.
 4. Bicycles cannot be operated or stored in hallways, stairwells, or any public area inside the residence hall. Bicycles should not be attached to railings, benches, trees, or in other exterior locations that obstruct access to stairways, sidewalks, or entrances.
 5. Small appliances, electrical accessories, and cords must conform to the following:
 - Small appliances, electrical accessories, and cords must be maintained in safe operating condition and marked with the UL-approved label;
 - Only one extension cord is permitted to connect an appliance with an electrical outlet. Extension cords may not be connected in a series, and only properly grounded extension cords may be used with appliances that require grounding;
 - Resident-owned refrigerators must be 118 volts (+ or - 5%), 60 Hz, and do not draw more than 1.5 amps or 180 watts of power;
 - Irons may be used with ironing boards only; and
 - Other appliances such as radios, desk lamps, stereos, computers, televisions, and electric blankets are permitted, provided the total power requirements do not overload the room's electrical system.

-
6. Cooking in residence hall rooms is limited to the following appliances, which may only be used for their intended purpose: sealed-unit coffee makers and popcorn poppers, hot pots, slow cookers, toasters or toaster ovens, compact microwave ovens (1.0 cubic feet maximum capacity and 700 watt maximum power), and electric grills (not to exceed 700 watts). Students may not leave items unattended while cooking.
 7. Decorations and modifications must conform to the following:

 - No live or metal trees are permitted in the residence halls;
 - Decorations in common areas should be approved by the community's professional and graduate staff.
 - Leaves, grass, straw, and other flammable, naturally occurring items may not be gathered and placed in common areas of residence halls or student rooms.

Evacuation and Reporting:

* University policy requires 2 fire drills for each on-campus student housing facility per year. This policy does not apply to the fraternities, sororities, Health Sciences Campus apartments, or Health Sciences Campus rental houses. In some instances, an evacuation in response to either a false alarm or actual fire is treated as a fire drill by the University. However, under applicable regulations, such unscheduled fire drills are not counted for purposes of this report.

Note 1: Smoke Detection means there are smoke detectors in every bedroom, hallway and common area.

Note 2: Fire Alarm Systems are monitored 24 hours a day/ 365 days a year. Addressable fire alarm systems monitor each device in the system as a point address. That means each smoke detector, pull station, etc. has a separate address (location) that can be displayed on the main fire alarm panel. Zone fire alarm systems monitor devices in the system as parts of zones covering areas of the building (e.g. second floor, basement, etc...).

Note 3: Hood suppression systems are fire extinguishment systems installed in the stove ventilation hood that will extinguish a fire and sound the general fire alarm when discharged.

FIRE SAFETY

Prevention is the best approach to fire. Report fire hazards to the Office of Fire Safety at 706-369-5706 and know what to do in case of fire:

- Know where fire alarms and portable extinguishers are located.
- Know what immediate hazards might cause a fire or become dangerous in a fire (e.g., blocked halls, chemical storage, propped-open smoke and stairway doors).
- Know who to call and keep the number near the phone: 911
- Know where exits are located.

IN THE EVENT OF FIRE:

- Pull the fire alarm if one is available and start an orderly evacuation (even for small fires: a closed room can reach 1500 degrees within three minutes).
- From a safe location, call the fire department: 911
- From a safe location, call the University police: 706-542-2200.

If you are trained in the use of portable extinguishers, and it is safe to do so, attempt to put out the fire. If the fire is too large for the use of a portable extinguisher, don't try to extinguish it yourself. Evacuate the room and close the door.

Report to emergency personnel after you have evacuated.

BOMB THREATS

Bomb threats usually come by telephone. If you receive such a call, remain calm and elicit as much information as possible from the caller. Ask:

- When will the bomb explode?
- Where is it right now?
- What does it look like?
- What kind of bomb is it? What will cause it to explode?
- Why did you select this place for it?
- Did you place the bomb? Who did? Why?
- What is your address? Your name?

Call the UGA Police Department immediately at 706-542-2200 to give them the information, describing the caller's voice, any background noises, and the exact wording of the message. Preserve any caller identification information recorded by the telephone. Notify an official of the building you are in. Don't touch suspicious packages. Inform the authorities, and let the experts decide what to do.

OFFICE OF EMERGENCY PREPAREDNESS

The mission of the Office of Emergency Preparedness (OEP) is to provide a comprehensive homeland security and emergency management program for the University of Georgia in order to save lives, protect property, promote continuity of operations, and reduce the overall effects of large-scale disasters.

OEP provides a full range of programs and services to help the University of Georgia community prepare for emergencies:

- Manages the campus automated external defibrillator (AED) program, evacuation chair program, and the Stop the Bleed: Bleeding Control program.
- Management of the University's emergency mass notification systems.
- Oversight of the campus Building Safety and Security Representative Program (BSSR).
- Coordinates campus building emergency action plans.
- Oversees the UGA Campus Emergency Response Team (UGA CERT) and UGA Medical Reserve Corps (MRC) volunteer training programs.
- Provides training on emergency preparedness, conflict de-escalation, planning for emergencies in the classroom, bleeding control, business continuity, active threat response options and travel safety.

OEP manages the University's Emergency Notification System, UGAAlert. The campus community is urged to verify their information in UGAAlert annually at www.ugaalert.uga.edu. More information on UGA's overall emergency notification methods and the UGAAlert activation policy may be found in the UGA Emergency Notification Plan at emergency.uga.edu/ugaalert.

OEP, in collaboration with the University of Georgia Police Department, provides all students, faculty, and staff with the LiveSafe mobile safety app. The free LiveSafe app provides a quick, convenient, and discreet way to communicate directly with University safety officials to report safety issues, suspicious activities, and criminal incidents. Additional features include a SafeWalk feature, access to campus emergency plans, and maps of automated external defibrillators (AEDs), bleeding control kits and evacuation chairs. To download the app and for more information, go to prepare.uga.edu/LiveSafe.

5 STEPS TO EMERGENCY PREPAREDNESS

STEP 1

Update your information in UGAAlert, ugaalert.uga.edu

UGAAlert is the emergency notification system at UGA. Your personal information should be updated twice per year

STEP 2

LiveSafe provides location sharing for emergencies, a virtual safe walk feature, and many safety resources all at your fingertips

Install the LiveSafe safety app on your phone

STEP 3

Create an emergency kit

Emergency kits should include a first aid kit and enough supplies to last you 72 hours

STEP 4

Visit prepare.uga.edu to complete the training. You will learn about emergency notification and response, crime prevention and addition resources.

Complete the Emergency Preparedness Module

STEP 5

Volunteer with CERT and MRC

Receive free emergency preparedness training by volunteering with the UGA Community Emergency Response Team or the Medical Reserve Corps

SAFETY IN UNIVERSITY FACILITIES

SAFETY IN ACADEMIC BUILDINGS

During academic semesters, academic buildings at the University are open for access by students, faculty, staff, and visitors between 7 a.m. and 2 a.m., Monday through Friday. Outside doors are locked at other times, although faculty and staff who work in a building may be given keys.

The Building Safety and Security Representative (BSSR) program is designed to facilitate emergency planning for the occupants of each building at the University of Georgia. The program focuses on emergency planning at the building level since most emergencies such as fire, flood, tornado, or criminal activity affect the entire building.

Each BSSR leader will help create safety plans, monitor security issues, participate in emergency drills, and work to create a safe environment for the occupants of a specific building. More information on the BSSR program can be found at prepare.uga.edu/campus-emergency-plans/bssrs/ or by calling the Office of Emergency Preparedness at 706-542-5845.

Police officers patrol campus on foot, checking for suspicious persons, suspicious or criminal activity, and safety and security hazards. Malfunctioning outside doors and locks are reported to the Physical Plant Division for immediate attention.

SAFETY IN STUDENT RESIDENCE HALLS

Maintaining a safe living environment is one of the fundamental missions of the Division of University Housing. All residence hall entrances are equipped with hand geometry readers that control admittance, while room keys control access to the residents' rooms and apartments. Many exterior doors are equipped with electronic alarms and/or security cameras that are monitored 24 hours per day by University Housing personnel. Finally, University Housing employs a team of trained security staff that conducts continuous night walking patrols of all residence hall communities.

In addition to the above measures, it is essential that University Housing has the support and cooperation of all residents to maximize individual and community safety and security. Residents must never prop open doors or let unauthorized persons enter the buildings. Residents should always lock their room doors and report suspicious persons or activities noted in or around their buildings. For more information, visit the website: housing.uga.edu or call 706-542-1421.

SAFETY IN FRATERNITIES AND SORORITIES

Eight fraternity and sorority houses are located directly on campus and are thus under the jurisdiction of University police, who patrol regularly. The remaining sorority and fraternity houses are located off campus and are under the jurisdiction of the Athens-Clarke County police. Off-campus fraternities and sororities are not managed by University housing, but by the house corporation for the individual chapters, each of which establishes its own security policies. The Greek Life Office, at 706-542-4612, can provide information about the house corporation for any given house.

SAFETY OFF CAMPUS

When a crime has been committed at an off-campus location of a recognized student organization it should be reported to local law enforcement agencies. The University Police Department does not have jurisdiction off campus, but works with the local law enforcement agency, which will conduct the investigation to obtain information about any incident as soon as possible after it has occurred. Victims of criminal acts may obtain a copy of the police incident report from the agency of jurisdiction. The Office of Student Conduct handles student violations of conduct regulations that occur off campus.

SAFETY AND SECURITY ON THE COMPUTER NETWORK

The University's campus-wide computer network is part of the Internet, and when you use it, you have the ability to interact with people, both good and bad, all over the world.

Meeting people, making friends, and doing business on the internet are risky activities. Use directories, the telephone, and other media to confirm that people are who they claim to be. For your own safety, when arranging your first face-to-face meeting with someone you met online, be sure to meet in a public place with friends present.

Be aware of popular online email and social media scams: job scams where scammers ask for money or credit card numbers in order to apply for a job, or phishing scams where scammers impersonate the University in order to trick you into replying with passwords or personal information. The FTC maintains a list of these common scams.

You are also bound by the University's rules governing acceptable computer use whether or not you have read them. Losing your computer account isn't the only penalty for violating the University's rules; University discipline and, in serious cases, state and federal law enforcement can be involved. You can also be liable for deliberate damage.

If you encounter online safety concerns, online scams or computer and network misuse, report the incident to abuse@uga.edu. The University's incident handling team will promptly investigate the problem and refer it to appropriate authorities.

WORKPLACE VIOLENCE POLICY

The University of Georgia is committed to the prevention of workplace violence and the maintenance of a respectful working environment. A safe and secure environment is a fundamental prerequisite for fulfilling the University's mission of teaching, research, and public service. The University reaffirms the basic right of employees to a safe and humane working environment. Every employee will be treated at all times with dignity, respect, and fairness.

PROHIBITED CONDUCT

The University will not tolerate any type of workplace violence committed by or against employees. Workplace violence is defined as any physical assault, threatening behavior, or verbal abuse occurring in the work setting. It includes but is not limited to beatings, stabbings, shootings, sexual assaults, psychological traumas such as threats, obscene phone calls, an intimidating presence, and harassment of any nature such as stalking, swearing, or shouting.

REPORTING PROCEDURES

Employees are responsible for notifying the appropriate supervisor or the Human Resources Division of any threats which they have witnessed, received, or have been told that another person has witnessed or received. Employees should also report any behavior they have witnessed that they regard as threatening or violent when that behavior is/or might be carried out on University property or in connection with University employment. Reports or incidents warranting confidentiality will be handled appropriately and information will be disclosed to others only on a need-to-know basis.

VIOLATIONS

To make deliberate false accusations of workplace violence violates this policy. In such instances, the complainant will be subject to disciplinary action. However, failure to prove a claim of workplace violence does not constitute proof of a false and/or malicious accusation.

Employees who, in good faith, report what they believe to be workplace violence or who cooperate in any investigation will not be subjected to retaliation. Any employee who believes he/she has been the victim of retaliation for reporting workplace violence or cooperating in an investigation should immediately contact the Human Resources Division.

ENFORCEMENT

Threats, threatening conduct, or any other acts of aggression or violence in the workplace will not be tolerated. Violations of the workplace violence policy will be met with appropriate disciplinary action, up to and including dismissal from the University. Non-employees engaged in violent acts on University property will be reported to the proper civil authorities and fully prosecuted.
